Editorial

BY ETHEL WEBSTER

Often in the course of our daily routine we come upon conditions or happenings which may shock or repel us. Usually these are dismissed or forgotten without any effort by us to correct or improve the situations. This is a normal human trait, to avoid thinking about what we are going to make no constructive effort to change.

Some things are like voices crying in the wilderness, trying to be heard, but no ears are open to hear them. In such category is the public apathy to sexual maladjustments in their fellow human creatures. We all know of isolated cases of attacks, and such, but only when the degenerate minds of these depraved humans reaches a crisis, and commits murder or even worse, do we wake up enough to take positive action. By then it is often too late.

It is seldom enough to be almost non-existent, that these final brutal acts are the dread of a first offender, but it is necessary to be the culmination of a long series of lesser expeditions, usually non-fatal, because of the minor ages of the victims involved. Discrepancies in the human behavior pattern usually follow a set pattern and often because of the very minor aspect of the deviations in the beginning tend to throw us off guard. This like sudden trip of a heavy duty rig of a committee entirely unpredictable, with no yardstick to judge the eventual outcome.

There are precautions which can be taken, and it is up to every parent to impose most strongly on their children, espe-

cially little girls, that they should never take rides from strangers nor accept overtures such as candy, etc., from those they do not know. In a small community, where strangers and strange actions are particularly noticeable, citizens would be wise to report suspicious actions to the police and warn the vicinity to be on the lookout. Most people, with the mistaken idea of being the protectors of the victim of an attack, tend to keep silent, and thus in reality are protecting the offender.

Publicity is a great deterrent in most of these cases. The creatures of the night just can't take the good clean light of day.

LaSalle Chamber of Commerce Open First Account in New Bank

It was with a great deal of pleasure and satisfaction that we attended the official opening of LaSalle's first bank in many, many years, on Wednesday afternoon August 11th, 1954.

The official ceremonies began at 3:00 p.m. D.S.T., when Mr. James Ewing, manager of the new LaSalle Branch of The Dominion Bank, acting as chairman of the afternoon, introduced Mr. Thomas Wilding, Vice-President of the Dominion Bank of Canada.

Mr. Wilding's assurance that the LaSalle Branch would offer adequate banking services and that the complete banking facilities of the Dominion Bank would be available to LaSalle, scotched persistent rumours to the contrary.

Mr. Ewing then introduced Mr. Don Brown, member of the Dominion government for this district, who along with Mrs. Brown were in LaSalle for the occasion.

Mr. Brown expressed his confidence that the LaSalle Chamber of Commerce and the LaSalle Council would continue successfully in the building of a bigger and better community.

Mayor Herbert Runstetter, who had been on vacation, arrived just in time to say a few words of welcome to the gathering and to the bank, and to express his appreciation to those who worked so industriously in making reality out of a dream.

Councillor Gordon Reaume, who had been on vacation, arrived just in time to say a few words of welcome to the gathering and to the bank, and to express his appreciation to those who worked so industriously in making reality out of a dream.

Mr. Ewing expressed his thanks to these ladies and to the staff of the Sugar Bowl, and to all those who so kindly assisted during the afternoon.

Among those present during the opening of the new bank were Mr. Sheppard and Col. Masson, Architects for the building; Mr. Thomas Wilding, Vice-President of the Dominion Bank; Mr. V. M. Fenn, of the Public Relations Division, Head Office; Councillor and Mrs. Gordon Reaume; Dr. and Mrs. Anton Jung, the owners of the new building; Mr. and Mrs. Don Brown; Mayor Herbert Runstetter; Councillor and Mrs. Leve; Mr. and Mrs. Ray Paquette; Mr. George Carling; Mr. Elye Brown; Mr. L. G. Babcock, Manager of the Dominion Bank, Windsor; Mr. and Mrs. Ulysse Dupuis; Mr. and Mrs. E. O'Gorman; Mr. and Mrs. Jack Corbett; Mr. and Mrs. H. Cooper; Dr. and Mrs. St. Denis; Mrs. Ford Chappas; the staffs from Windsor and Branches of The Dominion Banks in the area; Mrs. Alma Brodeur; and many more.

Inside were beautiful floral decorations sent as welcomes.

First shipment of iron ore from the \$250-million Labrador-Quebec Iron Ore Co. mine was loaded, left, into the freighter, Hawaiian, at Sept. 1st, Que., to be taken to the steel mills of Philadelphia. Four years of effort went into the development of the iron deposits and of the 367-mile railroad that travels over gorges, through mountains and over muskeg. The diesel locomotive, right, which the ore was hauled by, was built almost entirely by air-lifted supplies and men. As thousands and thousands of tons of iron are ore are discharged at Sept. 1st, the little town on the shore of the St. Lawrence River will become one of Canada's busiest ports.

THE OLD HOME TOWN By STANLEY

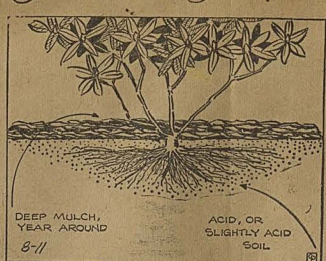

DUKE MAINTAINS HANDS-OFF POLICY

At Kemano, B.C. Prince Philip pauses long enough to show his admiration at the array of dials on a control panel of the newly constructed power station there. He displayed considerable technical knowledge as he toured the Kilham and Kemano, but showed little interest in the intricate details of the plant's development in the works built by private enterprise.

Weekly Garden Graph

If you have rhododendrons in your foundation planting, or in the garden, are you worried about them? This is the time of year when they are apt to look sick with the foliage wilting, curling or turning brown. Lace bugs plague rhododendrons, but if they are not present and the leaves are drooping and curling, it may be a sign the moisture. Often during drought periods, brown scorched spots appear on the leaves. If water is available, give the plants a thorough soaking, not just a mere sprinkling. Since the roots of rhododendrons are close to the soil, a deep, year around mulch is necessary to keep them cool. Oak leaves are best for this purpose. If oak leaves are not available, use peat-moss, well rotted cow manure or compost material. The mulch should be at least four inches thick. It will conserve moisture in the ground as well as keep the roots cool. Keep the mulch close to the stalks of the plants as shown in the accompanying Garden Graph, and extend it beyond the leaf spread. Because of their surface roots, do not cultivate around rhododendrons. No matter how careful you may try to be, there is danger of injuring the roots. The soil must be kept acid around these plants. Lime is poison to them. If the soil in which the rhododendrons are planted proves by test to be alkaline it can be changed to acid by treating it with aluminum sulphate. It is available at nearly all seed or garden shops.

DRAMATIC FINISH TO MILE OF CENTURY

Displaying his famous back-stretch kick, Roger Banister of England crosses the tape to win the mile of the century, leading John Landy of Australia, world record holder, by five yards. Banister's time was 3:53.8, which is eight-tenths of a second behind the world record. The feature race at the British Empire games was virtually a two-man effort, with both great runners leading the field of eight, practically all the way. Banister, who trailed Landy for more than three-fourths of the race, caught him in the final lap. Canada's Rich Ferguson nailed down third spot in 4:04.6, the fastest mile ever run by a Canadian.

Smith Family Wish To Thank Their Friends

Mr. and Mrs. Ralph Smith and family, of River Avenue, wish to thank their friends for the many kindnesses, flowers, cards and calls during Mr. Smith's recent stay in the hospital. The cards and remembrances to Mr. Smith's mother, Mrs. Ida Smith, at Riverview Hospital are also greatly appreciated.

Damages Estimated At \$200.

On Thursday, July 22 around 4:30 in the afternoon a fire alarm was rung into the LaSalle Fire Department. The fire which was minor occurred around Stop 50 on Front Road. While going to the fire an accident occurred on the corner of Wahneta and Front Road, when an American car attempted to turn in front of one driving to the fire. The LaSalle driver, Mr. Ernie Liffiton, of Lafferty Street, slowed up for the turning driver, when the American car apparently changed his mind and started to turn back. The damage to the two cars was approximately \$200.00 and there were no injuries involved, due we imagine to the low speeds of the cars.

Here are several recipes from homemakers in Brazil. They were collected for us by one of the four members of the General Federation of Women's clubs who recently visited Brazil to review the coffee situation.

Two Favorites
The recipes feature two favorite Brazilian foods, shrimp and coconuts. Another is for a easy-made from sweetened condensed milk, which is much used in Latin America where very sweet desserts and candies are popular. Add a test and taste.

Brazilian Candy
(delight for dessert with afternoon coffee)

In a small saucepan, combine 2 (15-oz.) cans sweetened condensed milk, 2 tbsp. honey, 1/4 tsp. salt, and 2 tbsp. butter. Stir and mix over an asbestos mat on a low heat until the mixture loosens from the bottom of the pan and turns slightly brown. Then cool.

Form into small balls containing 1 tsp. each. Roll chocolate sprinkles. Let stand a few hours before serving.

DIONNES CAPTURED FANCY OF ALL THE WORLD

With the death of Emilie Dionne, the unique situation of five sisters, first of its kind in history, is broken. The Dionnes, whose pictures such as this were known the world over, were the first quintuplets on record to survive to maturity. Their poses captured the fancy of the world during their early infancy and childhood, and though they led sheltered lives, millions of persons on six continents remember the five little girls as they are shown here and mourn the passing of Emilie.

SPORT SHORTS

SOFTBALL—
Friday evening, August 8th, Sunnyside Garage and Sunnyside Hotel met in a crucial battle for first place, and after 9 innings of spite tinkling baseball the Hotelmen ended up on the top end of 4 to 0 score.

Once again it was the old nemesis Bill Moffatt who registered the win as he held the opposition to six hits whereas the hotelmen taking advantage of some loose fielding managed one run in the first inning and three in the ninth to sail away the victory.

Losing hurler was Vince Hiller who allowed only five hits but they came when needed most.

The victory boosted the Hotelmen to a first place tie with both Sunnyside Garage and Cornett Drugs.

Outstanding performers for the evening were Billy Moffatt the winning hurler and Gerry who had two hits in three at bats for the losers.

Cornett Drugs and Rays Barbershop met Monday evening with both clubs needing a victory very badly.

The Crew-Cuts fighting for a play off spot, and the Whiz Kids needing the victory to keep pace with both Sunnyside Hotel and Sunnyside Garage.

It took ten long innings to reach a decision and the Whiz Kids pulled it out of the fire by a 4 to 3 score.

The Crew Cuts drew first as they scored in the third inning, again in the fourth and in the fifth, this being done on a home run by George Dunn the catcher, and by the end of the fifth inning the scoreboard read Rays 3 - Cornett 0.

The Whiz Kids finally came to life in the seventh inning when Janisse walked Paul Dufour to open the inning and Don Renaud blasted a homerun to deep centre field.

The score remained the same until the last of the fifth when Jack Eaves singled to centre—Paul Dufour singled to left—Eaves stopping at second. Don Renaud fired out, but Clavt LaJeunesse dropped a perfect bunt loading the bases.

When Don Forbes popped out it seemed Janisse was out of trouble, but Paul Langlois hit a dribbler, to second base, and Robinet over anxious, booted the ball permitting Eaves to score the tying run.

In tenth inning the Whiz Kids scored the heartbreaker on two singles and an outfield fly ball, to wrap up the ball game and remain in top spot.

It was another bad break for Janisse who has been plagued with hard luck all season.

Jack Eaves who relieved Don Renaud in the sixth inning was the winning hurler.

Glowing lights in the contest for the losers were Wilf Janisse the pitcher and George Dunn who played a good game behind the plate and also blasted out a homerun in four at bats.

For the Whiz Kids it was Jack Eaves for his winning performance also collecting two hits in five tries. Paul Dufour with 4 for 4, and Don Renaud whose homerun spurred his club to victory.

It is an accepted fact the August is the prettiest month of the year, and Manager Mitt Boismier of the Bart Evon squad will second the motion, for his club having won only 2 victories previous, are undefeated this month and currently are the hottest outfit in the league.

And so was the case Monday evening as they met and defeated the powerful Sunnyside Hotel squad by a 7 to 5 score.

Bob Flidder finally living up to early season expectation went all the way for the Od Pros, and Gordie Beetham the first of two pitchers received the loss.

battle for first place, as the loss drops them one game behind with only two games remaining in the schedule.

Creditable performers for the hotelmen were Bud Tourangeau who had a perfect night at the plate with a double and two singles in three tries, and Paul O'Gorman with three for four right behind him.

GIRLS SOFTBALL
The LaSalle Ladies staged another of their slam bang affairs Thursday evening and when darkness finally set in the Greyhounds had upset the Floppies by an 18 to 15 score.

Shirley Grapper went all the way for the winners and Delores Langlois, certainly not following in her brothers footsteps was pounded for 27 hits and eighteen runs.

Hitting star for the winners was Mickey Haggerty, with four hits in five at bats.

The girls would like to thank Mark (Slim) Reaume and Mr. Steptoe for umpiring the games. Again we remind you of next Sunday's game here in LaSalle at 6:30 p.m. between Champion Spark Plugs and LaSalle Greyhounds.

RIVER CANALS
The River Canard Seniors made it four in a row Sunday as they defeated the powerful Stony Point Club by a 7 to 5 score.

Don Thornton went all the way that being seven innings as the contest was halted by rain.

The victory boosted the Srs into a three way tie for first place with a better than average chance of making the playoffs.

BOWLING

With summer rapidly coming to an end, everyone's interest naturally turns to winter's favorite sport, that of course being bowling.

Father Bezaire wishes to announce that he is anticipating a mixed five pin bowling league on Monday evenings throughout the winter months, so anyone wishing to participate should get in touch with Father Bezaire as soon as possible.

It seems in past years many people, wishing to bowl had to be left out, as they registered too late, so don't let this happen to you.
